1. A new General Directorate of Electricity, subordinate to the Ministry of Industry, has been created in Yugoslavia.
2. A "large" thermo-electric power station, scheduled for completion at the end of 1947, is under construction at Crnice, a southeastern suburb of Skoplje.
3. The following high tension lines have been constructed in the Medjumurje:
 - a. Hrascina - Trnovec - Macinec - Crecan
 - b. Prelog - Donji Kraljevac
 - c. Cakovec - Senkovac
 - d. Lepoglava - Cretna
 - e. Lepoglava - Trskoscan
4. A 110,000 volt high tension power line, 120 kilometers long, linking the thermo-electric power station at Kostolac with the Bor copper mines, is under construction. It is conducted over about 300 pylons and follows the route Kostolac- Mlava River Valley - Zagubica - Mt. Crna - Bor.
5. The largest transformer in the Medjumurje has been constructed at Murako Sredisce.
